BREEDING TIMES:

9:00 a.m., 2:30 p.m. and 7:00 p.m.

A Mare Information Form has been sent and **MUST** be on file with the office before any mare will be booked.

All maiden, barren and mares not bred in 2011 must have a negative aerobic (regular) uterine culture taken within 30 days prior to their initial cover.

All maiden mares must be jumped before coming to the breeding shed for the first time.

All mares must be identified with name on either halter or neckstrap.

Any mare returning to the breeding shed for a **third cover** and all subsequent covers (exclusive of doubles) will require a negative uterine **culture** taken since the second cover.

CEM Requirements: We will follow the recommendations of the USDA and Kentucky Department of Agriculture with regard to CEM.

PLEASE NOTE: *All mares visiting our breeding shed must be vaccinated 7-90 days before breeding for equine herpes virus Type I (Rhinomune, Pneumabort-K, etc.) A statement to this effect should accompany her to the breeding shed (may be included on culture certificate).*

EVA Requirements: We will follow the regulations of the USDA and the Kentucky Department of Agriculture with regard to EVA.
